

Get Ready for *MARCH MADNESS* and MEF Annual Fundraiser!!!

Marlboro Education Foundation is hosting a **March Madness Squares Fundraiser** similar to the one used for the Super Bowl. The difference is we will be paying out based on the outcome of every game played in the 2014 tournament (excluding play-in game), which gives you **63** chances to WIN!

The cost per square will be \$100 with a total of 100 squares. This will allow us to pay out \$6000 in prize money and raise \$4000 towards our foundation.

Rules:

Each square will receive 2 numbers, a Winning team score and Losing team score. The numbers represent the last number in each teams score per game. For example if you receive the numbers Winning team score 8 and Losing team score 4 and Duke beats Syracuse 78-64 then you win the cash prize designated for that game as well as any other game that these numbers come up in (you can win multiple times). Each round will have a specific dollar amount paid out per game and it will increase per round (see Payout below).

Payout:

Round 1 - \$30 per game x 32 games = \$960
Round 2 - \$60 per game x 16 games = \$960
Round 3 - \$120 per game x 8 games = \$960
Round 4 - \$240 per game x 4 games = \$960
Round 5 - \$480 per game x 2 games = \$960
Round 6/Finals - \$1200 per game x 1 game = \$1200

Total Payout: \$6,000

1. The numbers for the squares will be chosen randomly prior to the tournament starting. All monies will be paid out once the tournament has been completed.
2. Please make checks payable to **Marlboro Education Foundation** or contact Michael Brossi at 508-460-1755 or michael@brossters.org for any questions.
